School Board Election • Feb 14, 2023

Vincent Donaldson **OUR PICK**

Vincent is an unashamed Christian who believes our school board needs an overhaul. He upholds biblical values and wants to bring morality back into our school systems. Transparency and accountability are extremely important to him. This is why we believe Vincent is the best choice for this election.

Neal Kessler

Neal has served on the Owasso School Board for the past five years. The current board lacks transparency with its decisions. Neal voted unanimously with the rest of the board to ban a concerned parent from the campus. The parent was trying to get pornographic material removed from the school library. The case went to court, where the judge ruled in favor of the parent and his right to free speech.

Kristy Moon

Kristy agrees that our school board needs to be transparent and accountable for its actions. At the same time, she believes teachers should be able to choose and create their own curriculum instead of being decided by the school board. She does not believe our nation's founding Christian values for morality are necessary.
